

Infometrix, Inc., USA Signs Distributor Agreement with Precizen Solutions, India

Infometrix, Inc., the premier developer of software products in the field of chemometrics, announced today that it has entered into a distribution agreement with Precizen Solutions. This agreement allows Precizen Solutions exclusive rights to sell Infometrix' Pirouette and other chemometrics and data utilities software in India.

"India represents a new and burgeoning market for Infometrix' software products. We recognize that India is one of the most significant regions for scientific development and research and we are pleased to be able to forge a relationship with such a qualified and professional organization as Precizen Solutions." *Brian G. Rohrback Ph.D., MBA, President of Infometrix, Inc.*

"By combining the complementary strengths of Infometrix, Inc and Precizen Solutions, the partnership is well positioned to become a success in helping research professionals with advanced analytical solutions. This partnership is a perfect fit to serve growing Indian market with chemometric suite of solutions from Infometrix as well as consolidate Precizen's commitment to scientific, R&D and engineering community." *Vijay Butte, President and CEO, Precizen Solutions*

Since 1978, Infometrix has been developing chemometrics tools and has produced a series of chemometrics software packages, as well as a variety of chemometrics solutions specially bundled for analytical instrument companies. Infometrix' premier product, Pirouette[®], includes current tools and technologies from the field of chemometrics presented in a friendly and easy-to-use interface. Infometrix research and development efforts are directed toward software that will be completely integrated with instrumentation to provide better solutions to complex problems in chemistry, engineering and other sciences.
